- A: He was very helpful and accommodating with us . I observed how patient he was with answering student's questions that have different learning style and academic background. At first I was worried seeing a lot of project, presentations, quizzes, exams in this course. But as I go thru completing each requirement, I realize how the whole process contributed to my better learning of the course.
- A: Dr. Cooksy is one of the best teachers at SDSU. He does an amazing job simplifying complex topics and goes out of his way to help students with assignments, studying, etc.

A: I really enjoyed this class, i felt the exams were fair, however I felt that the final project was not completely thought out and either should be eliminated or changed into something more meaningful. The use of extra time for the presentations was good, and I have no complaints as to how they were handled.
