

## **Nautilus Environmental Job Posting, San Diego**

**Posted: March 23, 2007**

**Application Due Date: April 16, 2007**

**Position: Laboratory Glassware Technician**

Nautilus Environmental is currently seeking a part-time glassware technician to join our San Diego, CA laboratory. Nautilus Environmental is a consulting firm focused on helping maintain environmental quality standards through bioassay monitoring. The primary responsibility for this position is cleaning and maintaining glassware stocks with the possibility of taking on additional responsibilities, such as microscope work.

Previous experience in a laboratory setting and some experience with chemicals are helpful, but not required. Key personal qualifications for this position include the ability to work both in a team setting and independently, reliability, and being detail-oriented. This is a non-exempt position that may require occasional weekend work. We are located off Mira Mesa Blvd. near the 805 freeway.

**Starting Salary:** \$9 - \$10/hr
